Brain Health Coaching Certification

Course Agenda

Introduction

Designed to fit into your busy schedule—anytime, anywhere. This course was created to help you develop a comprehensive understanding of brain health, earn 50 CE/CME credits, and improve the lives of those you serve. Here’s a closer look at the exciting assets accessible to members in this course.

Session #1
THE BRAIN HEALTH COACHING COURSE

A comprehensive clinical course on the neurobiology of everyday life. Experience for yourself how Dr. Amen teaches his own Amen Clinics medical staff on how to diagnose and treat patients. Discover practical neuroscience to make you a better clinician and a more effective person.

## Session #2

### OPENING THE MIND, HEALING THE BRAIN

Learn how to perform, read, and apply brain SPECT imaging in clinical practice with skill building exercises.

- ✓ Learn how the Amen Clinics treatment algorithm can enhance diagnosis and treatment, even if your patients never get scanned.
- ✓ Discover 7 types of ADD, 6 types of addicts, 5 types of overeaters, Variants of TBI, PTSD, OCD and more.
- ✓ Examine specific treatments for each brain type and treatments for type combinations.
- ✓ Find out how to use targeted, evidence-based tools, including brain-directed nutraceuticals, pharmaceuticals, hyperbaric oxygen therapy (HBOT), psychotherapy (EMDR, CBT), neurofeedback, and lifestyle changes to improve treatment response.

| 1      | A New Paradigm | Clinical histories + brain SPECT imaging = more targeted, personalized treatment + lifestyle interventions = high levels of success* based on Amen Clinics 6 month outcome data  
What SPECT tells clinicians/patients that they cannot obtain through traditional means.  
Comparison of available imaging techniques (SPECT, PET, fMRI, QEEG, MEEG) and how SPECT is superior in many practical ways.  
Standard and novel uses of brain SPECT imaging. | 1:39:29 |
| 2      | Brain Spect Imaging Made Ridiculously Simple: Part 1 | Nuclear physics in imaging made ridiculously simple, including radiation safety issues.  
How SPECT scans are performed, processed, and rendered, in detail.  
A review of SPECT cameras and imaging agents Artifact and how scans can fool you if you are not careful.  
What is normal? How do we know?  
Impact of age and gender on scans.  
Learning to read scans, 2D slices versus 3D renderings. | 1:44:18 |
| 3      | Brain Spect Imaging Made Ridiculously Simple: Part 2 | Representative cases of stroke, brain injury, toxicity, epilepsy, dementia, ADD, OCD, PTSD, bipolar disorder, depression, violence. | 1:37:09 |
| 4      | Brain-Based Diagnosis and Treatment | Behavioral neuroanatomy – brain-behavior relationships essential for interpreting and | 1:55:03 |
## Course Agenda

Using scans in clinical practice. We will discuss what each system does, what happens when things go wrong and options to help each system.

- Prefrontal cortex
- Basal ganglia and limbic system
- Anterior and posterior cingulate gyrus
- Temporal lobes
- Parietal and occipital lobes
- Surprisingly important cerebellum
- Listening to brain systems talking to you

### 5 Practical Application of Combining Clinical History, SPECT Scans and Targeted Treatment: Part 1
- 6 Types of ADD
- 7 Types of Anxiety/Depression
- 6 Types of Addicts
- 5 Types of Overeaters

### 6 Practical Application of Combining Clinical History, SPECT Scans and Targeted Treatment: Part 2
- Subtyping Aggression
- Variants of TBI, PTSD, OCD and more
- Subtyping Autism
- Subtyping Difficult Couples
- Head Trauma: Amen Clinics NFL Brain Imaging and Rehabilitation Study
- PTSD vs Head Trauma in Soldiers
- Subtyping Dementia, plus strategies to decrease the risk for dementia
- SPECT and the law (civil and criminal implications)

### 7 Amen Clinic Treatment Algorithm
- Case presentation

### 8 Amen Clinic Protocol to a Better Brain and a Better Life
- 10 Steps To Boosting Your Effectiveness with Your Patients and Yourself
  1. Create brain envy and a brain healthy lifestyle (avoid bad, do good)
  2. Know their important numbers
  3. Know their motivation
  4. Know their brain type
  5. Improve their decision making skills and self control
  6. Brain healthy targeted supplements
  7. Eat right to think right
  8. Physical and mental exercise
  9. Preventing relapse
  10. Create a brain healthy treatment program

### 9 Brain SPECT Reading Practicum: Developing Competence: Part 1
Dr. Amen will go over 50 scans in the morning, with both simple and complex findings.

### 10 Brain SPECT Reading Practicum: Developing Competence: Part 2
Participants will go over 50 scans in the afternoon, with both simple and complex findings.

### 11 Brain SPECT Reading Practicum: Developing

**Total Course Time:** 1:57:53

**Course Feature Details**

**Unique Educational Resources and Practical Tools**

This program uses the videos and tools Dr. Amen uses to teach the medical staff and therapists at Amen Clinics. It contains over 40 hours of unique, in-depth training directly from Dr. Amen. Plus, you have access to Dr. Amen's comprehensive, online suite of clinical tools and resources.

1. **Brain Health Coaching Course**  
   (10 hours of video and over 1,000 course slides)

   This is how Dr. Amen teaches the Amen Clinics medical staff on how to diagnose and treat patients. This treatment protocol has some of the best published outcomes for patients anywhere.

2. **Opening the Mind, Healing The Brain Course**  
   (18 hours of video)

   Learn how to understand, read, and apply brain SPECT imaging in clinical practice with skill building exercises. Explore how the Amen Clinics treatment algorithm can enhance diagnosis and treatment, even if your clients/patients never get scanned.

3. **The Clinician's Brain Science Toolbox**  
   (over 180 pages)

   Includes the Amen Clinics intake forms, checklists, questionnaires, treatment algorithms, and treatment planning forms.
4. Images of Human Behavior Brain SPECT Atlas
(over 300 brain SPECT images and 26 pages of detailed scientific references)

A comprehensive book that serves as a valuable resource for educating clients, patients and others to understand and love their brains. Includes real-life before/after treatment brain SPECT studies.

Bonus Gift Downloads

1. Unchain Your Brain Course
(9 hours of audio)

Powerful information on understanding and treating the addictions, includes brain typing, ANT killing exercises, a brain enhancing nutrition plan, targeted natural supplements, and meditation and hypnosis exercises.

2. Brain Healthy Addiction Treatment Program PDF

Detailed questionnaires to help you perform thorough brain-directed evaluations, individually targeted treatment plans based on brain type, group handouts highlighting our 10 step process, and core readings explaining addictions and other disorders from a brain-based perspective.

3. Natural Ways to Heal the Brain
(nearly 2 hours of audio)

Dr. Amen makes complex information easy to understand and gives people a road map on how to take control of their own health and healing for issues such as ADD, anxiety, depression, insomnia, pain, and memory problems.

4. Change Your Hormones, Change Your Brain, Transform Your Relationships
(nearly 2 hours of audio)

Daniel Amen, MD and Angie Meeker, Pharm.D. show you how to make sense of the complex world of hormones. Explore practical information on about how your hormones influence your health and the well-being of your relationships.

Course Agenda

Course Benefits

✓ Receive a beautiful certificate when you pass your course exam to display your certification.
✓ Eligible members can be listed on our national referral network.*
✓ Engage in free ongoing education through our professionals-only newsletters and phone trainings to stay updated on best practices, illustrative case studies, and new brain directed products.
✓ Members receive 20% OFF clinical evaluations, including SPECT.
✓ Immediate family, staff, clients/patients referred by members receive 10% OFF clinical evaluations, including SPECT.
✓ Get 15% OFF BrainMD Health Products.

ABOUT DANIEL G. AMEN MD

Dr. Daniel Amen is one of America’s leading psychiatrists and brain health experts. He is a double board-certified psychiatrist, neuroscientist, brain imaging expert, and distinguished fellow of the American Psychiatric Association.

Dr. Amen has authored or coauthored 70 professional articles and more than 30 books, including New York Times mega-bestseller Change Your Brain, Change Your Life. He has appeared on numerous television shows including Dr. Phil, Larry King, Dr. Oz, and The View.

His breakthrough public television programs on brain and mental health have made him well loved by millions of viewers seeking guidance on memory, attention, other cognitive functions, emotional issues, behavior, and more.

The Washington Post has called Dr. Amen “America’s most popular psychiatrist” because of his wildly popular clinics which have over 4,000 patient visits a month. Nearly 6,000 mental health providers have referred patients to the Amen Clinics.
